Yes. We are almost back to ESC so if we need to make the call earlier we can.

There is no Pace data for week 3. And, it sounds like what Kelley is saying is that the second part of the glycols still needs the project level review?

Are we going to talk about the 2 blank issues today on the conference call?

Robin,

This report looks like we are in good shape. Please check with Stevie to see if there is any Pace data for week three. Pace was discontinued but not sure when. I'm also not sure why glycols for R3 are not the total set?

Subject: 4/3/12 UPDATE Dimock - Data Project Team Final Review for Week #3 Data Rollout

Hi Cindy, Fred and Robin -

As with the first two weeks, I am following up to try to identify where we still need to finalize data for the 17 locations sampled during week #3 (2/6/12 - 2/10/12).

To date here's a summary of what has been reviewed and is considered Final:

R2 - MBAS data for week all 17 locations

R3 - Metals data (total and dissolved) for all 17 locations

R3 - Glycols and 2-But for 8 of the 17 locations (HW-48, HW-21, HW-22, HW-44, HW-49, HW-16, HW-36, HW-54)

R9 - DRO, GRO and Dissolved Gases for all 17 locations

NEL - Bacteria data for all 17 locations

TA - Glycol data for all 17 locations

*To date, the week #3 Ethylene Glycol data from Pace has not been posted on the FTP site.

*As noted earlier today - still waiting for the Narel Rad data. (week 1, 2 and 3)

From what I can tell it looks like the following week #3 data has been validated and is in Scribe, but we still need to complete the project level review:

R3 - Alcohols, Anions, oil and grease, phosphorous N/N, TDS, TSS, volatiles for all locations

R3 - Glycols and 2-But for 9 of the 17 locations (HW-30, HW-31, HW-43, HW-45, HW-15, HW-51, HW-23, HW-38, HW-47)

I will try to identify which R3 and R9 work orders/reports still need to be finalized below:

We received comments from Cindy earlier on the following:

Please note that comments on 1254.pdf were posted in same e-mail as 1314.pdf listed under item #2 above.

I hope that the above summary is helpful and not confusing. Please feel free to call me tomorrow with any questions. Cindy and Robin - I am free to talk at 3:30 pm or 4 pm. Still need to see whether Ex. 4 - CBI is available, I'll follow-up tomorrow.

Thanks again - Kelley
